

TAG with UC

Teach And Grow with the University of Cantabria

(Language Assistantship Program for Master Students at UC)

TAG with UC is a **Language Assistantship Program** which requires 12 hours per week of English conversation classes in a public high school in the city of Santander, and offers a monthly stipend of €700 gross. High school classes will take place in the morning, and the students will be monitored by an experienced English teacher, who will guide them in the organization and implementation of classes. Students can perform their duties as language assistants during three different periods: the whole academic year (Oct 1-May 31), the Fall term (Oct 1-Jan 31), or the Spring term (Feb 1-May 31).

↳ [REQUIREMENTS](#)

↳ [APPLICATION](#)

The “TAG with UC” program can be combined with a UC **Master’s Degree**, most of which are taught in the afternoon. You will need to apply for admission in the Master program first. You can find the instructions to apply [here](#). Please bear in mind that you will need to have your Bachelor’s degree translated and internationally legalized in order to be admitted to a Master program in Spain. You can check the tuition fees [here](#) and [here](#). In general the total cost of a Master program (60 ECTS credits, normally done in one year) oscillates between €1,600 (Humanities and Social Sciences) and €2,800 (Engineering and Health Sciences). You could also consider registering part-time for the Master program and do it in two years or one year and a half. This is the complete list of our programs: <https://web.unican.es/estudios/estudios-de-master-oficial>

And these are some Master programs thematically linked to the TAG with UC program:

- [Master in Second Language Learning and Teaching](#) (taught in English)
- [Máster Universitario en Investigación e Innovación en Contextos Educativos](#)
- [Máster Universitario en Formación del Profesorado de Educación Secundaria](#)

Another possibility you might consider is registering for a Master program at one of our partner universities, finding equivalent courses between both Master’s degrees and coming to Cantabria as an **exchange student**. In that case, you would need to follow the general procedure for exchange students: <http://web.unican.es/en/Studying/admission/application-online>, and apply for the “TAG with UC” program as an exchange student: <http://web.unican.es/en/Studying/Documents/TAG%20with%20UC.pdf>.
