Envío – Siguietes pasos

Paso 2: El autor carga los archivos de los manuscritos.

Paso 3: El autor determina sus atributos o palabras clave.

Paso 4: El autor introduce metadatos.

El corresponding author introduce la filiación de todos los autores. La institución introducida como filiación del *corresponding author* se usará para vincular al autor con un acuerdo institucional OA mediante la API Ringgold. Si no se puede vincular, detecta error. **Los autores tienen que emplear sus correos institucionales.**

Paso 5: El autor introduce *cover letter*, otros detalles e información de financiación, cuando proceda.

Paso 6: Revisar y enviar.

The image shows a sequence of screenshots from a submission system. The main interface is titled "Step 2: File Upload" and includes a "Files" section with "ORDER" and "ACTIONS" tabs. Below this is a "File Upload" section with a "SELECT" button and a list of steps: Step 1: Type, Title, & Abstract; Step 2: File Upload; Step 3: Attributes; Step 4: Authors & Institutions; Step 5: Reviewers & Editors; Step 6: Review & Submit. A "Write Cover Letter" section is also visible, with a "Preview" button and a character count of 0 out of 32768. A "Funding" section has a "Funders" list and an "Add Funder" button. A "Submission Confirmation" screen is overlaid on the bottom right, displaying: "Submitted to: ScholarOne University Training Workflow 1", "Manuscript ID: MCU1-201803-0001-OA", "Title: The process of documentation", and "Authors: Baker, Gwen; Bryant, Luke".

Proceso de aceptación

- Si el manuscrito es aceptado, se le pedirá al autor que cargue los archivos finales y elija **una licencia** de derechos de autor.
- Los autores de **revistas híbridas elegirán** si desean publicar acceso abierto (AA) tras la aceptación.

Tras aceptación – carga de archivos finales

La mayoría de las publicaciones IEEE usan ScholarOne para la carga de los archivos finales.

Open Access

* This publication is a hybrid journal, giving authors the choice of making their article freely accessible to users by paying an open access article processing charge (APC), or choosing traditional article publication, allowing access to users through subscription and other purchasing options. Now that your article has been accepted for publication you may enable unrestricted public access by selecting "yes" below. If you select yes, you commit to pay the US \$2,350 APC.

Although voluntary page charges do not apply to open access article submissions, other applicable charges (such as over-length paper charges or a charge for the use of color in print format) will be billed separately once article formatting is complete (but prior to publication). Over-length paper charge details can be found [here](#).

For any questions regarding IEEE open access policies, please refer to our [Frequently Asked Questions on open access](#).

- Yes** - please make my article Open Access. I understand that there is a \$2,350 APC associated with Open Access publication. Some institutions offer assistance for open access funding. Check our [institutional partners list](#) to see if yours is one.
- No** - my article is a traditional submission. I understand that over-length paper charges or color charges may still apply, as outlined above.

IEEE ofrece una elección al autor al publicar en una revista híbrida.

Se les pide que elijan entre Acceso Abierto (AA) o tradicional (cerrado) tras la aceptación del artículo.

Los autores que elijan "tradicional" en un título híbrido recibirán un correo electrónico informándoles de la posibilidad de publicar AA si existe un acuerdo activo de AA basado en la afiliación del *corresponding author*.

Nota: El correo electrónico sólo se envía si el perfil institucional de RLSC que coincide con el artículo es *touch-free*.

RightsLink for Scientific Communications (RLSC)

- Todos los APC se manejan a través de CCC RLSC.
- RLSC generará una solicitud de financiamiento automáticamente cuando un manuscrito coincida con un perfil institucional.
- Si el autor está afiliado a una institución que tiene un acuerdo de AA, se le pedirá que busque financiamiento de esa institución.
- Los perfiles institucionales se comparan utilizando datos de filiación proporcionados por el autor, incluidos dominios de correo electrónico y / o ID de Ringgold.

Aceptación de artículos

Una solicitud de financiación se envía automáticamente a la institución cuando un manuscrito coincide con el perfil.

El autor recibe un correo electrónico cuando la solicitud es aprobada o denegada por la institución.

The image shows a screenshot of an email from IEEE. At the top left is the IEEE logo with the tagline "Advancing Technology for Humanity". The main text of the email reads: "Your article has been accepted and will be published open access". Below this, it says "Dear Mr. Ruben Garcia Alia," followed by "Congratulations on being accepted for publication in IEEE Geoscience and Remote Sensing Letters for the following manuscript:". It then lists manuscript details: "Manuscript DOI: 10.1109/JTEHM.2019.529447", "Manuscript ID: TNS-003417-445", "Manuscript Title: This is a touch free OA only profile test", "Published by: Institute of Electrical and Electronics Engineers (IEEE)", and "Total Charges Covered: 2045.00 USD". A funding statement follows: "Funding for your open access publication charges has been covered by CCC University based on an agreement between CCC University and Institute of Electrical and Electronics Engineers (IEEE).". A note about additional charges is also present: "If there are any additional publication charges available to you, such as page or color charges, we will send a payment link for those charges under separate cover." The email is signed "Sincerely, Institute of Electrical and Electronics Engineers (IEEE)". At the bottom, there is contact information: "Tel.: +1-877-622-5543 / +1-978-646-2777", "IEEESupport@copyright.com", and "www.copyright.com".
