ABOUT URGENCH STATE UNIVERSITY

FACULTIES

- Physics and Mathematics
- Natural sciences
- History
- Physical Training
- Pedagogy
- Philology
- Foreign Philology
- Tourism and Economics
- Technics
- Chemical Technologies

Number of students: 12439

Including:

full-time course: 10027,

correspondence course: 732,

special correspondence course : 1368

By language of teaching:

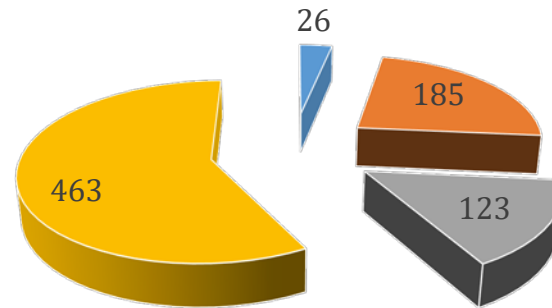

Uzbek: 11796

Russian: 643

Bachelor Programs: 47

Master Programs: 21

797 Teaching staff, including 653 full-time professors and teachers, (with scientific degree - 27 %)

■ DSc ■ PhD ■ Senior teachers ■ Teachers

Number of buildings: 9

Students dormitories : 4
(1058 places)

Canteens and Cafes: 10

Sport centers\$

- indoor: 3
- outdoor: 5

Number of auditoriums: - 282,
including laboratories – 50

Faculties and departments

- Department of Applied mathematics
- Department of Informational Technology
- Department of Physics
- Department of Mathematics

Faculty of Physics and Mathematics

- Department of Biology
- Department of Geography, Cartography and Cadastre
- Department of Agrology
- Department of Chemistry

Faculty of Natural Sciences

- Department of English Language and Literature
- Department of Foreign Languages for Specific Purposes
- Department of German and French Languages

Faculty of Foreign Philology

- Department of History
- Department of National Idea, Bases of Spirituality and Law Education
- Department of Civic Education

Faculty of History

- Department of Theory and Methods of Nursery and Elementary Education
- Department of Labor Education
- Department of Pedagogy and Psychology
- Department of Music Education
- Department of Art studies and Engineering Graphics

Faculty of Pedagogy

- Department of Economics
- Department of Hospitality Business
- Department of Tourism

Faculty of Tourism and Economics

- Department of Building and Architecture
- Department of Transport Systems
- Department of engineering subjects

Faculty of Technics

- Department of Chemical Technologies
- Department of Food Technology
- Department of Biotechnology and Agricultural Processing Technology

Faculty of Chemical Technologies

- Department of Physical training
- Department of Theory and Methods of Physical Training

Faculty of Physical Training

- Department of Uzbek Literature
- Department of Uzbek Linguistics
- Department of Russian Language and Literature

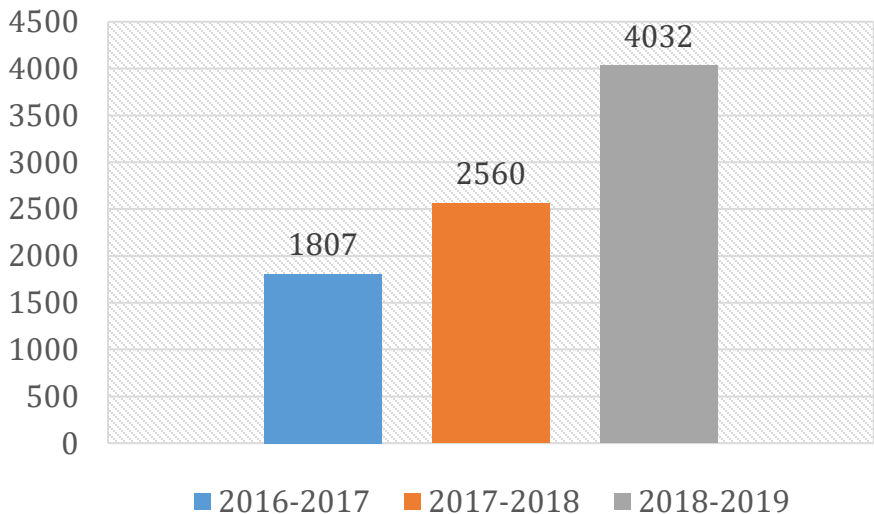

Faculty of Philology

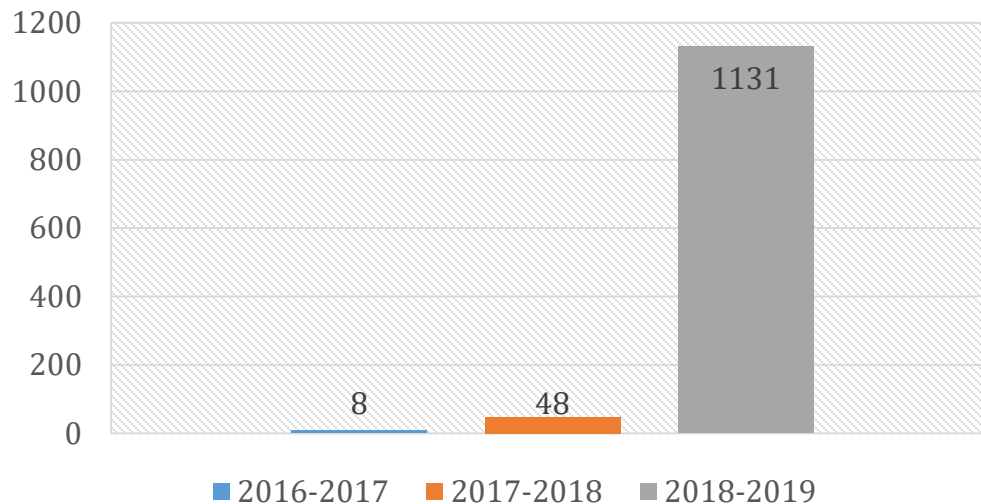

Briefly about university achievements

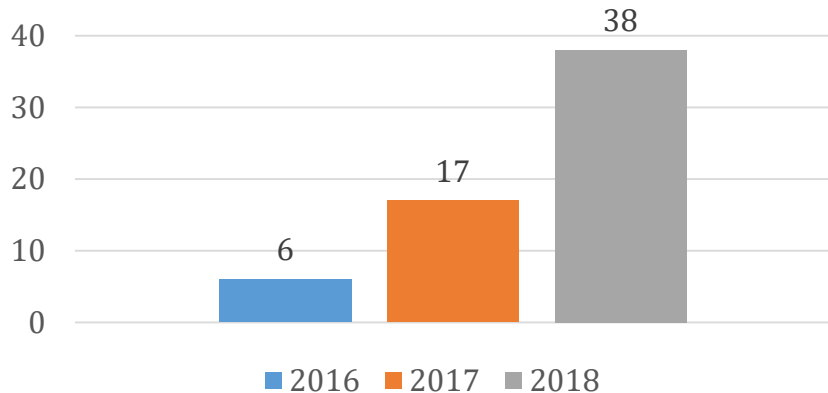

Admission results

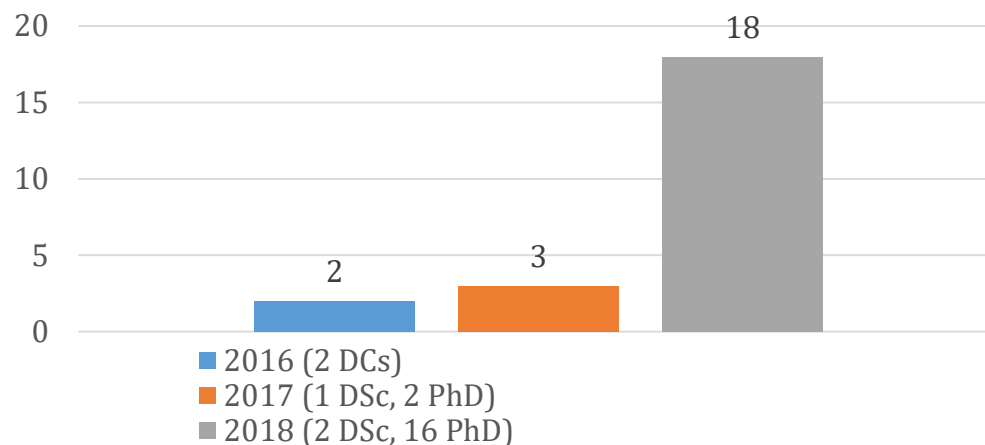

Number of foreign students

Number of visiting scholars and teaching staff

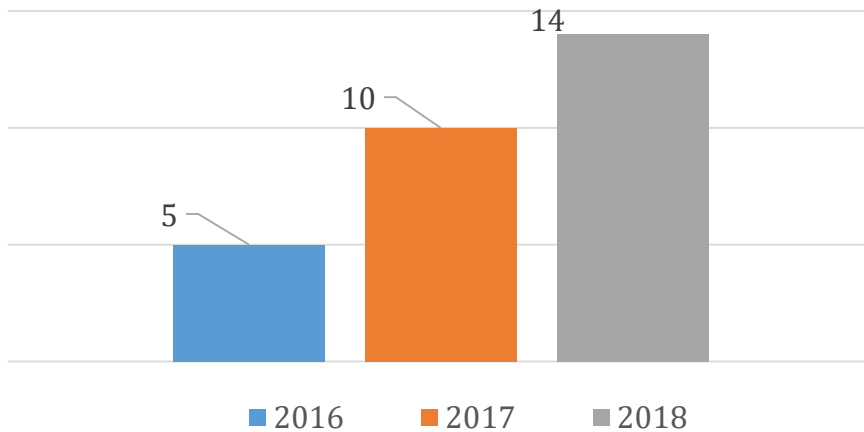

Number of DCs a PhD thesis's defense

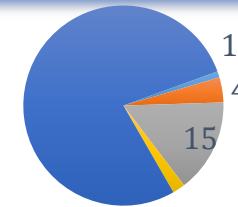

Briefly about university achievements

Number of international projects

2018

- Winners of Presidential Scholarship - 1
- Winners of State Scholarships - 4
- Winners of educational olympiads - 15
- Winners of international educational olympiads - 2
- Winners of international and nation-wide sport competitions - 77

- Agreements with 20 foreign universities and international education bodies on further long-time collaboration;
- Beginning from 2018 Specialized Scientific Council for PhD and DCs degrees awards on Mathematics has started its activities;
- International Mathematics Olympiad named after Al-Khorezmi with students from more that 20 countries was held in October 2018.

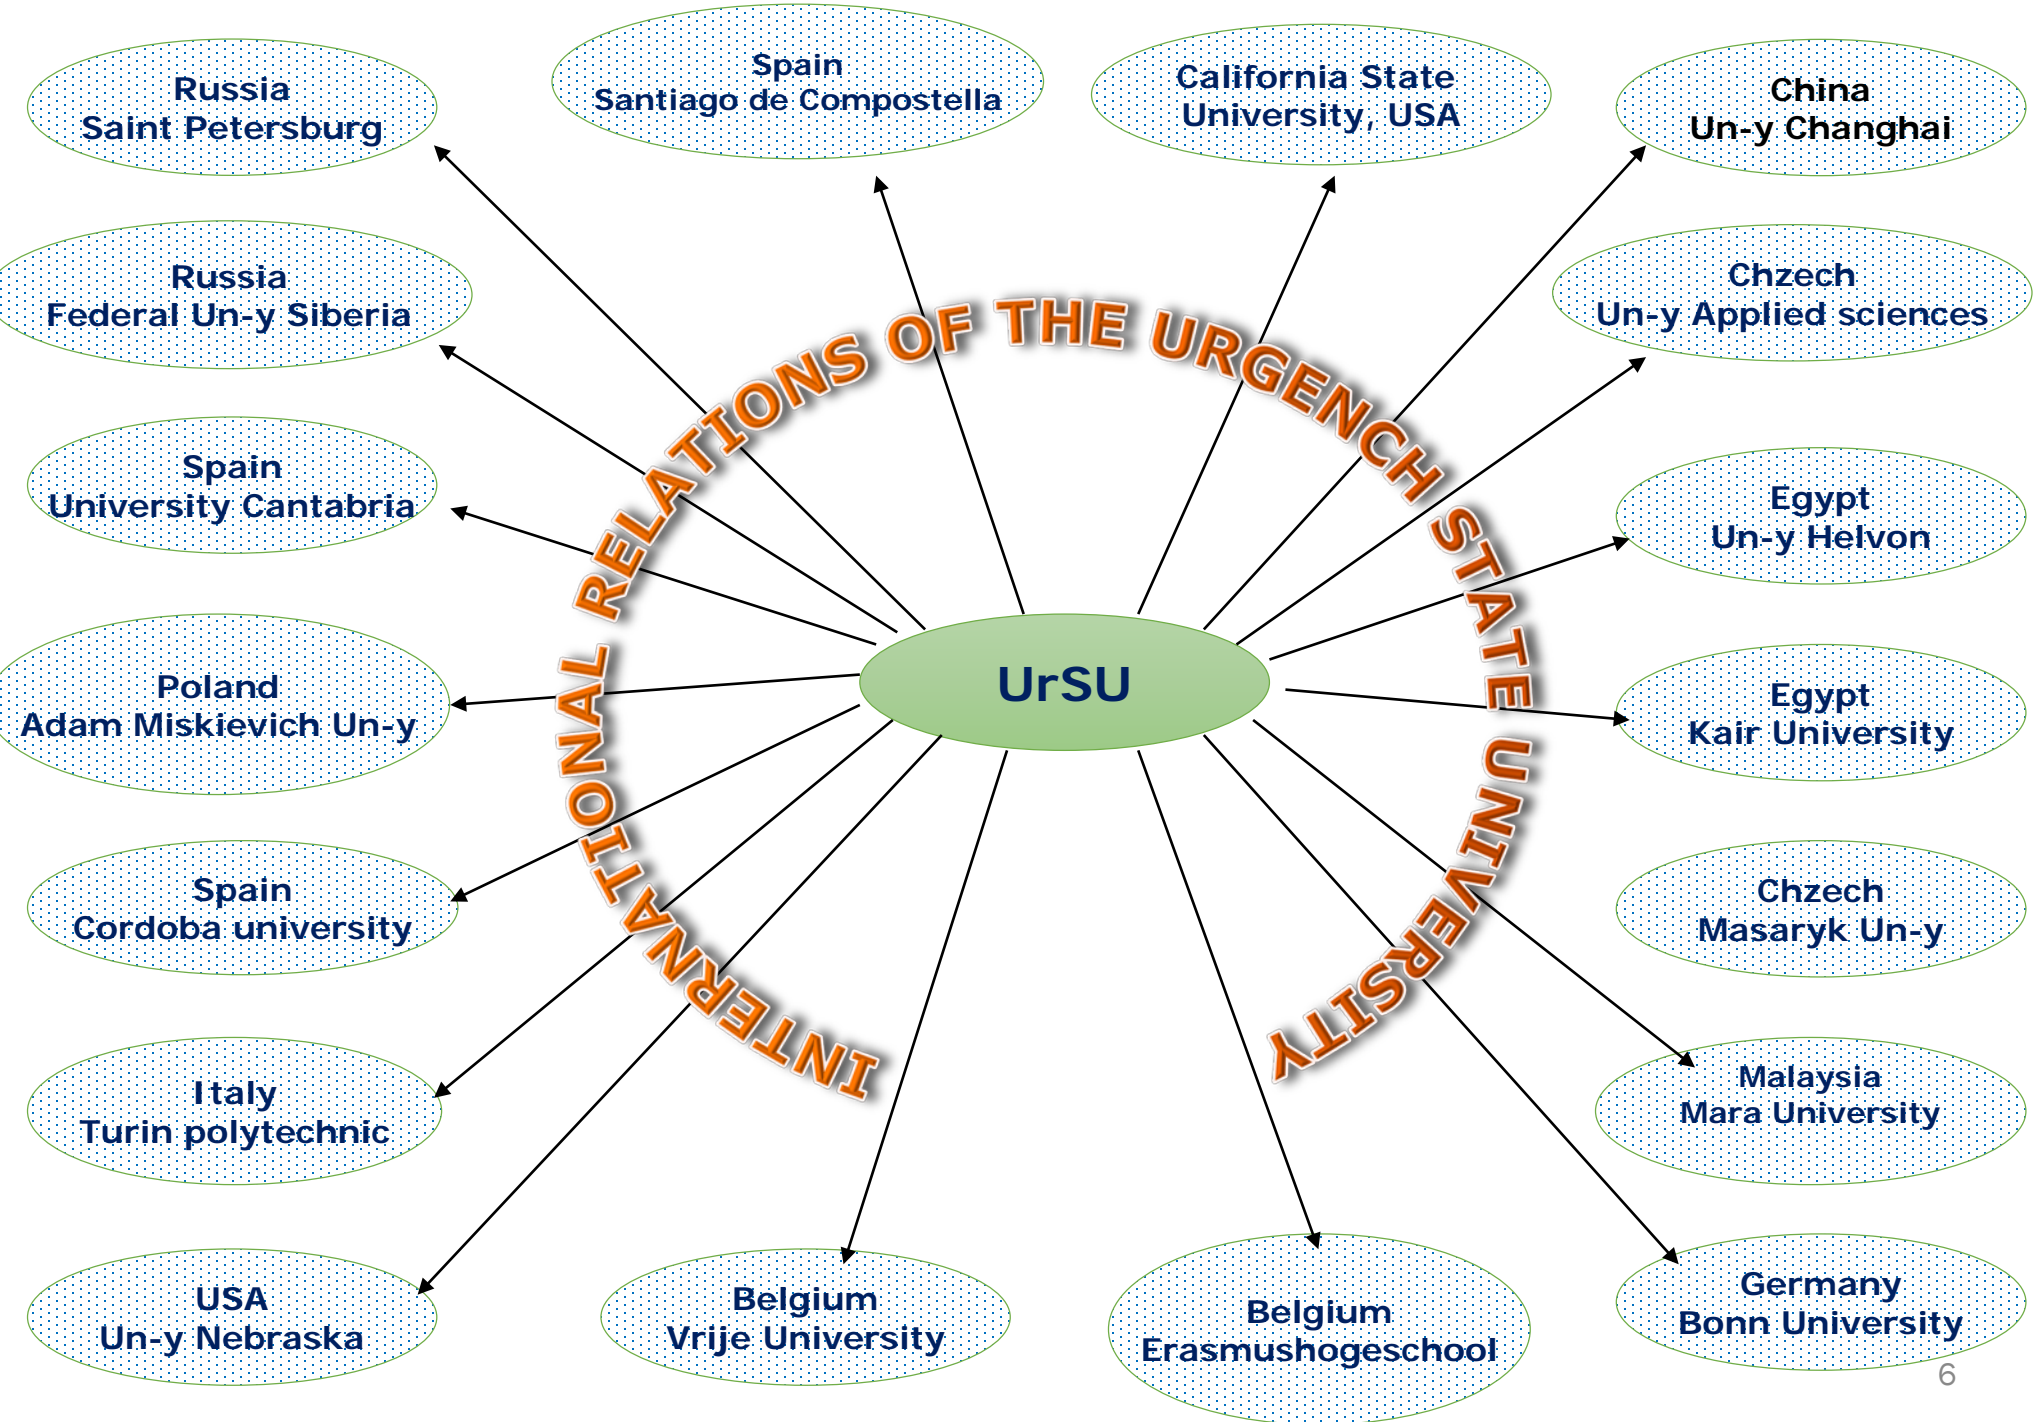

2 International Master Programs

- 
- Mathematical Engineering
 - Renewable Energy Sources and Sustainable Environment Physics

Curricula and educational programs for 3 Master specialties have been developed in close collaboration with EU partner universities

- Mathematical Engineering
- Renewable Energy Sources and Sustainable Environment Physics
- Computer Linguistics

COLLABORATION INTEREST

- IMPROVEMENT OF EDUCATIONAL SYSTEM (BS, MS, PHD, Training);
- EDUCATION: Virtual education, Inclusive, Preschool, Physical training;
- STEM (Science, Technology, Engineering and Mathematics);
- AGRICULTURE;
- TOURISM MANAGEMENT AND HOTEL HOSPITALITY;
- ARCHEOLOGY;
- ARCHITECTURE;
- TECHNOLOGY;
- ENGINEERING;

STEM (SCIENCE, TECHNOLOGY, ENGINEERING AND MATHEMATICS)

- Theory of functions of several complex variables and pluripotential theory.
- Inverse spectral problems for the differential operators and its applications.
- Computational linguistics and artificial intelligence.
- Industry bitumen, insulating tapes, anticorrosive modifying agents and varnishes are obtained from the wastes of oil.
- Implementation of the resource efficient, drying construction of the agricultural products using the alternative energy.
- Manufacture of construction materials from sand.
- Setting up the method of using coal, wood and briquette as an alternative energy.

EDUCATION

- Modern center of on-line education;
- Virtual education,
- Inclusive,
- Preschool,
- Physical training

AGRICULTURE

- Finding an alternative solution of using marginal land.
- Assurance of stable increase of fertility of the plants in fertile lands.
- Economizing water by leveling the lands by means of laser level.
- Development of the biological ways of struggling against agricultural pests.
- Implementation of hydro-irrigational system and other modern agricultural technologies.
- Creating a forest area in the Aral Sea zone.
- Creating resource efficient technologies in rural areas.
- Prevention of water filtration in channels and covering the sides channels to economize water.

TOURISM MANAGEMENT, HOTEL HOSPITALITY AND SERVICE SKILLS

- By the decree #1940 of the President of the Republic of Uzbekistan on March 20, 2013 “Development of Tourism in Khorezm region”. According to this decree was developed special Government program which included a part for preparation specialists in the areas of tourism management, hotel hospitality and service skills in cooperation with developed European and Asian Universities.

THANK YOU FOR YOUR ATTENTION!
