7. ASSESSMENT METHODS AND CRITERIA

Description	Type	Final Eval.	Reassessn	%
Theoretical and practical exam of chapters 1 to 4	Written exam	No	Yes	30,00
Theoretical and practical exam of chapters 5 to 8	Written exam	No	Yes	30,00
Continuos assessment: activities to be developed in the classroom or through the virtual platform	Others	No	Yes	40,00
TOTAL				100,00
Observations				
<p>There will be a theoretical and practical exam on the date set at the end of the semester. Students who have obtained the minimum score on the exam of chapters 1 to 4 may be examined only of chapters 5 to 8. The rest of the students should be examined of chapters 1 to 8. Students who examined of chapters 5 to 8 must obtain on average with the examen of chapters 1 to 4 a minimum score of 5. Students who examined of chapters 1 to 8 must obtain a minimum score of 5 in that exam. The weight of this exam in the overall qualification will be 60%.</p> <p>The subject is considered overcome when a score of 5 or more points is obtained on average in all the assessments methods of the subject as well the minimum qualifications.</p> <p>The theoretical-practical exams that reach the minimum mark required in this guide can be saved for the extraordinary call.</p> <p>The recovery of the continual assessment will be carried out through a self-assessment test through the virtual platform of the subject in extraordinary call.</p> <p>Finally, regarding the evaluation, if the theoretical-practical exams or the continuous assessment tasks could not be done in the classroom, they will be carried out online through the virtual platform of the subject.</p>				
Observations for part-time students				
<p>Part-time students can overcome the subject when they obtain 5 or more points in the theoretical and practical exam on all the chapters of the subject. This will represent 100 % of the overall qualification. Alternatively, part-time students may choose to take the continuous assessment, by performing the same activities and tests defined for full-time students. In this case, the qualifications obtained in the continuous assessment activities can be saved for the extraordinary call.</p>
