7. ASSESSMENT METHODS AND CRITERIA

Description	Type	Final Eval.	Reassessn	%
Midterm exam 1: Theoretical and practical exam. First part of the program. Minimum mark 4 points out of 10. Recoverable in the exam of the ordinary call (January) and in the exam of the extraordinary call (February). It represents 40% of the final qualifi	Written exam	No	Yes	40,00
Midterm exam 2: Theoretical and practical exam. Second part of the program. Minimum mark 4 points out of 10. Recoverable in the exam of the extraordinary call (February). It represents 40% of the final qualification.	Written exam	Yes	Yes	40,00
A case study. It represents 10% of the final qualification. Recoverable in final exam of the extraordinary call. Conditions of realization and presentation according to the modality in which the teaching takes place.	Work	No	Yes	10,00
Exercises proposed during the course. It represents 10% of the final qualification. Conditions of realization and presentation according to the modality in which the teaching takes place.	Others	No	No	10,00
TOTAL				100,00
Observations				
<p>The subject is passed when the final grade is equal to or higher than 5 points out of 10, having obtained the minimum qualifications in each partial.</p> <p>Students who do not pass the subject, must do a theoretical and practical exam in extraordinary call, of the parties that are pending. In each part of this exam it is necessary to obtain a minimum score of 4 points out of 10. Also, if a student wishes to upload the grade obtained in a partial exam, they can take this final exam from the appropriate part. In such a case, to determine the final grade, the highest grade of those obtained by the student will be considered. The final score will consist of the score of the exams by 80%, the case study score by 10% and the score of exercises proposed during the course, 10%. The exam format will be partially or completely test type (with 4 options where only one is correct) depending on the conditions under which the teaching develops.</p>				
Observations for part-time students				
<p>Theoretical-practical examination on the scheduled date according to the schedule of examinations (ordinary call and extraordinary call) consisting of two parts. In each part it is necessary to obtain a minimum score of 4 points out of 10. The final grade will consist entirely of the score obtained in this exam. The final grade will be the average grade of the two parts and must be equal to or greater than 5 points to pass the subject.</p> <p>Both exams (ordinary call and extraordinary call) contain theory and practice questions. The exam format will be partially or completely test type (with 4 options where only one is correct) depending on the conditions under which the teaching develops.</p>
