Department	DPTO. CIENCIAS HISTORICAS				
Name of lecturer	JUAN JOSE CEPEDA OCAMPO				
E-mail	juan.cepeda@unican.es				
Office	Edificio Interfacultativo. Planta: + 1. DESPACHO (132)				
Other lecturers					

3.1 LEARNING OUTCOMES

- Students are expect to:
 - Get familiar with the historical framework for interpreting the late Antique material culture .
 - Knowl the basic systems for recording and mapping Late Antique archaeological evidence .
 - Identify material culture in late Antiquity .
 - Develop studies and produce reasoned reports of materials found in late antique archaeological contexts.

4. OBJECTIVES

Late Antiquity (3rd-7th century) marked a deep transformation of the ancient Mediterranean world, with the emergence of the Christian Roman Empire, the collapse of imperial power in the West and the emergence of new political, social, economic and religious structures. The aim of the course is to learn about the broad outlines of this historical process through the changes that took place in the material culture of the period. Archaeology has been at the forefront of many of the recent advances in the knowledge of this complex period, so special attention will be paid to new findings and interpretations in this field.

To recognise the most characteristic features of Late Antique material culture.

To acquire an instrumental knowledge of the systems for recording and mapping archaeological evidence from Late Antiquity.

6. COURSE ORGANIZATION

CONTENTS

1	An introduction to Late Antiquity
