### 3.1 LEARNING OUTCOMES

- To know the basic juridical problems on religious freedom and confessional pluralism in Spain
- To know the solutions given to those problems in spanish and comparative Law , with a particular attention to European Union regulation and jurisprudence

#### 4. OBJECTIVES

- To get the particular juridical aspect of the social and religious factor, in its individual and collective dimension
- To learn to appreciate the confessional and ideological pluralism from own convictions
- To appreciate unity of juridical science as Ecclesiastical Law includes aspects in connection with different juridical subjects , and even juridical systems (as Canon Law and other confessional Laws)
- To achieve a global and critical vision of positive Law considering the importance of analysing institutions , norms and juridical conflicts in the setting of historical records and its sociological circumstances, in particular those related to Church and State relations
