

UNIVERSITY OF CANTABRIA REAL SUMMER PROGRAMS

SUMMER 2020

RESEARCH IN BIOTECHNOLOGY + SPANISH LANGUAGE AND CULTURE

Dates: May 18-June 16

10 ECTS credits

Price: \$ 3,000

Research in Biotechnology: The students will join a research team from the IBBTEC (see list of teams here: <https://web.unican.es/ibbttec/Paginas/Research.aspx>) from Mondays to Thursdays from 10 am to 1pm and will work on a hands-on research project previously agreed on with the team leader (5 ECTS credits).

Spanish Language and Culture: Students will have Spanish Language classes at the UC Language Center from Mondays to Thursdays from 3 pm to 5 pm, and will take part in Friday morning cultural excursions (5 ECTS credits).

Accommodation: It may cost around \$40/day in Spanish host families (full board), or \$15/day in shared apartments.

Extracurricular activities: Late-afternoon activities (twice a week), and two Saturday full-day visits to the Picos de Europa mountains and the city of Bilbao (including the renowned Guggenheim Museum). Students will be accompanied by a Spanish UC student-guide and will join a bigger group of American students taking part in other summer programs.

Registration: Pay a \$150 deposit and send requested documents during the month of February. Pay rest before March 19. <https://web.unican.es/summerprograms/Registration>

Additional information:

- Price without the Spanish Language and Culture program: \$2,000
- Possibility of extending the program for an additional 4-week period (for an additional price of \$2,000).
- Further information: <https://web.unican.es/summerprograms/general-information>
- Any questions: area.relacionesint@unican.es
