3. COURSE CONTENT.

During this course the student will learn the very basic words and phrases of French in different everyday situations:

- greetings
- numbers – telling the time, prices
- most common phrases connected to studying: library, lectures, exercises, seminars, official functions, socialising, life on campus
- everyday practical situations: shopping, food, going to a café/restaurant/bar, buying a train ticket, concert ticket, movie ticket online

They will also get information about French and Belgian culture and society:

- how do we talk to people (formal vs. informal)?
- national idiosyncrasies

Basic information about the University of Mons and the University Polytechnic of Hauts-de-France and possibilities to deepen the language skills while in Belgium/France.

4. LEARNING OUTCOMES.

The student will learn how French works as a language, how to understand simple texts and find information in them. The student will also get practice in listening comprehension and learn how to correctly pronounce French. Moreover, they will learn about the very basics about Belgian and French society and culture.

5. OBJECTIVES.

Practice of receptive skills and strategies needed to manage everyday situations in French and motivation of students to deepen their skills in French. To convey an understanding of culturally significant factors.
