The Language Centre at the University of Cantabria (CIUC) is in Santander – the capital of the Region of Cantabria.

## Accommodation

During the time when the courses are held, the CIUC can find the students accommodation with a family on a full-board basis. Other kinds of accommodation are also possible.

## Activities

A tailor-made program of activities can be drawn up in order to complete the foreign students' linguistic and cultural development during their leisure hours (museum visits, city walks, trips, water sports...).

We also offer the possibility of volunteer programs together with local NGOs.

## University of Cantabria

The University of Cantabria is a young, modern public institution whose main purpose is to contribute to social progress through a strong commitment to teaching and scientific excellence.

The Language Centre at the UC (CIUC) has been designing **tailor-made language and culture programs** for American Universities and private institutions since 1995. Currently we provide Western Michigan University, The University of Texas at Austin, the University of Southern California and the University of North Florida with customized courses and programs.

## Santander and Cantabria

Santander is set around a natural port, providing the city with one of the most beautiful bays in the country and excellent beaches for swimming and surfing. Cantabria provides a privileged setting for those wishing to learn the Spanish language, since only Castilian Spanish (and not other national languages) is used.
