The University of Padova is supporting 27 University International Summer & Winter Schools in 2015/2016, in the framework of its own policy aimed at promoting internationalisation. The projects are organised in cooperation with academic institutions or other foreign bodies and are also addressed to international users: doctoral candidates, Italian and foreign post-graduate students or professionals as well as public and private employees. In some cases learning credits may be assigned, to be recognised in study courses and also in the lilfelong learning. Info: http://www.unipd.it/en/courses/summer-and-winter-schools
