

WARSAW, POLAND

Warsaw University of Technology

Maciej Kret

A photograph of four diverse students walking through a grand, arched hallway of a university building. The hallway features high ceilings with a series of repeating arches and ornate columns. The students are dressed in casual attire, including t-shirts, jeans, and backpacks. They are smiling and appear to be in a positive mood. The lighting is warm and natural, highlighting the architectural details of the hallway.

History

Warsaw University of Technology started on its own in 1915.

It is not only the oldest, but also the best technical university in Poland; in the ranking of Polish universities, it has taken the first place in its category for seventeen years.

Study

At the University of Technology, we offer education in all key areas of technical sciences and related sciences.

We run 1st and 2nd degree studies, including courses in English. For people who want to continue their scientific development, we offer education at Doctoral Schools.

A group of diverse graduates in green and black academic regalia posing for a selfie in front of a university building. The graduates are smiling and looking towards the camera. The background shows a large, light-colored building with arched windows and a tree with green leaves.

Cooperation

We also build the international brand of our University. The Warsaw University of Technology and six other universities belong to the ENHANCE alliance.

Students of member universities of the alliance will be able to select international courses and programmes offered by ENHANCE partners.

Sport

I work in the Centre for Physical Education and Sports which organises and conducts sports classes for students of all faculties of the University.

The Centre offers classes, such as: aerobics, boxing, judo and self-defense, kickboxing, basketball, body building, skiing, football, swimming, volleyball, ballroom dance, table tennis, tennis, tourism, indoor climbing, sailing, yoga, Nordic walking.

Activities

I run basketball, tai-chi and snowboard classes.

Basketball

Tai-chi

Snowboard

TECHNICALLY THE BEST
